PROJECT: _____ ADDRESS: _____

ARCHITECT/ENGINEER: _____ PERMIT# _____

Pursuant to Chapter 17 of the 2006 International Building Code, the design professional of the project noted above states that the following areas/trades require Special Inspection(s):

- | | |
|---|---|
| <input type="checkbox"/> Fabricators (1704.2) | <input type="checkbox"/> Soils (1704.7) |
| <input type="checkbox"/> Steel construction (1704.3) | <input type="checkbox"/> Pile foundations (1704.8) |
| <input type="checkbox"/> Welding (1704.3.1) | <input type="checkbox"/> Pier foundation (1704.9) |
| <input type="checkbox"/> High-strength bolting (1704.3.3) | <input type="checkbox"/> Sprayed fire-retardant materials (1704.10) |
| <input type="checkbox"/> Concrete construction (1704.4) | <input type="checkbox"/> Mastic and intumescent fire-resistant coatings (1704.11) |
| <input type="checkbox"/> Masonry construction (1704.5) | <input type="checkbox"/> Exterior insulation and finish systems (EIFS) (1704.12) |
| <input type="checkbox"/> Wood construction (1704.6) | <input type="checkbox"/> Smoke control (1704.14) |
| <input type="checkbox"/> High-load diaphragms (1704.6.1) | <input type="checkbox"/> Not required (conventional provisions of the code apply) |

All individual Special Inspectors shall make written application to and shall be approved by the Building Official prior to working on this project. **NO EXCEPTIONS!**

REPORTS AND CONCLUSION STATEMENT: All reports from the Special Inspector shall be submitted to the Building Official within two (2) working days after the test(s)/inspection(s) are performed. At the conclusion of the work involved, the Special Inspector shall submit a written signed report stating: **“To the best of my knowledge all required Special Inspections were performed, all discrepancies were corrected, and all work is in conformance with the approved plans and specifications and applicable provisions of the code.”**

STRUCTURAL OBSERVATION: Pursuant to Section 1709 of the 2006 International Building Code the project noted above requires **Structural Observation:**

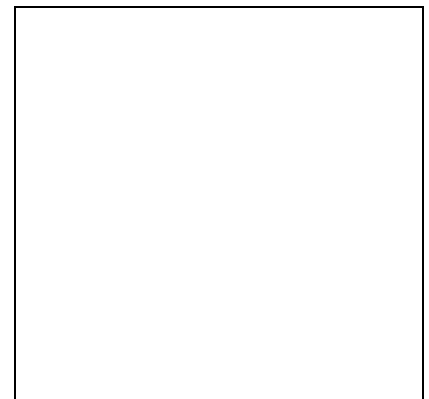

Structural Observation Required – Such Structural Observation shall be indicated as having been performed, along with any noted deficiencies, in a written statement to the Building Official.

I HAVE READ AND AGREE WITH THE ABOVE REQUIREMENTS:
