

Committed to Service

The City of West Jordan is committed to providing high quality services to our residents. The cost of providing quality water, sewer, and waste collection services has increased for our City. It has become necessary to adjust the rates for these utilities to meet the needs of our residents. Our City Council is always concerned about families and businesses within our community, and how rate changes will affect them economically. The Council approved the rate changes only after an in-depth study of our City's current rates and needs was made.

Water Use

Jordan Valley Water Conservancy District has continued to steadily increase the cost of water approximately 5% each year. This increase is driving the need for the City to adjust rates for our citizens. Fortunately, West Jordan City's water will still be less expensive than most of our neighboring communities, while allowing the City to continue to repair and replace aging sections of the system. This update to water rates, that will be in effect beginning March 1, 2007, is the first since 2003. Our goal was to apply fair rates to each class of service (single family, multi-family residential, and commercial). Special assistance programs for low-income and military war-time families will still be offered. The City also has programs to help residents and businesses reduce their costs by using less water, like rebates on irrigation products.

Typical Summer Water Bills

Water Rates

Residential

Meter Charge Per Month

¾" & 1" Meter \$14.34

Volume Charge (per 1k gal)

0 – 40,000 \$0.88
 40,001 – 60,000 \$1.05
 60,001 - 100,000 \$1.27
 Over 100,000 \$1.53

Low Income – Customers qualifying for the Salt Lake County circuit break tax relief will not be charged a volume charge for the first 12,000 gallons of use.

Non-residential

Per Month

¾ inch Meter \$10.00
 1 inch Meter \$25.00
 1 ½ inch Meter \$33.00
 2 inch Meter \$50.00
 3 inch Meter \$150.00
 4 inch Meter \$320.00
 6 inch Meter \$580.00
 8 inch Meter \$870.00
 10 inch Meter \$1,270.00

Volume charge (per 1k gal)
 For all consumption: \$1.08

Metered Irrigation

Meter Charge: None

Volume charge (per 1k gal)
 For all consumption: \$1.50

Sewer Service

Sewer rates will increase annually for the next two years to support the on-going rehabilitation of the treatment facility. The treatment plant is also undergoing an expansion to increase its capacity, but this will not affect existing residents' rates.

Sewer Rates

All volume charges are based on water usage except for industrial metered customers

Residential

Fixed charge : \$9.55

Volume charge (per 1k gal):
\$1.00 – capped at average
water winter usage

Multi-Family

Fixed Charge (per living unit):
\$11.75

Volume charge (per 1k gal):
None

Commercial

Fixed Charge: \$12.35

Volume charge (per 1k gal):
\$1.00 – capped at average
water winter usage

Waste Collection

Every five years, upon contract expiration, West Jordan requests bids from several waste collecting companies. This year, our contract with BFI expired, and the City received multiple bids for waste collection. Ace Disposal, the company who has been handling our recycling, had the winning bid. Although their bid was the lowest, our rates will increase due to inflation and higher fuel costs. Ace Disposal will now be collecting all solid waste, recycling, and green waste.

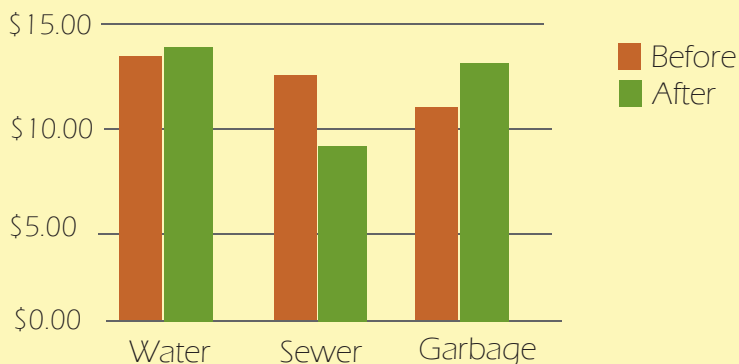

Garbage Rates

Basic Service (1 Garbage, 1 Recycle, 1 GreenWaste)	\$13.00
Second mixed waste container	\$10.00
Third or more mixed waste container	\$14.00
Add'l Recycle and Green Waste (1 ea.)	\$5.00 ea.
